October 13th 2022

Edition #2

In collaboration with the HOFA 2021 a and the REFA 2020

**JULIA RIEDEL , ESMERALDA
AGOSTINELLO**

On the 9.05.2022 I had a Interview with Michael Bergen the Restaurant Manager of «Sapori» one of the 3 Restaurants in the 5 Star Hotel “Victoria Jungfrau”.

I told him thar we’re doing a School Newspaper, so at first, I thanked him for the time he took for the Interview.

Who are You as a Person?

I’m Michael Bergen, I’m the Restaurant Manager of Sapori, I work here since the Opening of the restaurant itself, that would be around begging of 2018.

Michael Bergen, <https://ristorante-sapori.ch/de/>

Are you the manager only of the Sapori?
Yes, just of the Sapori.

<https://ristorante-sapori.ch/de/>

Why Sapori? What is the reason behind the Name?

„Sapori” translates in Italian as «taste», it’s an Italian restaurant and it should taste like at Nonna’s home, that is the thought behind it.

How many seats are there in the restaurant?

There are 96 seats in the restaurant inside and we have 100 seats on the terrace. The terrace is much bigger because it is our main business.

How did the restaurant fare during the Corona period?

We were closed for 5 months because we had the problem that there were no tourists. That was the main reason, that we closed the Restaurant/ Hotel.

Did you take the time to renovate the restaurant?

Yes we did take the Time to renovate it and we took the time as well to reflect on the past year and make some new projects.

These were my questions, thank you for the time and I hope you liked it as well.

You’re Welcome, I hope I could answer all your Questions.

This was our short Interview and I hope you liked it. Thank you.

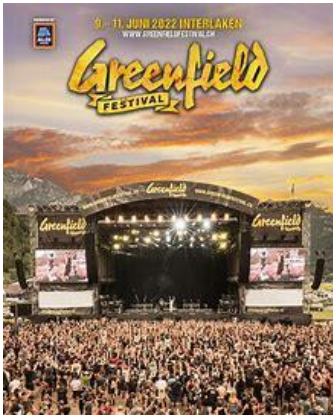

Ehemaliges Postkartensujet um 1910 „Interlaken. Regina Hotel Jungfraublick. Die Jungfrau,,. Heute bekannt als Schulhotel Regina.

Greenfield 2022

What is Greenfield ?

CECILIA GERBER, LEONIE ROTH

The greenfield is a small rock and roll openair. Since the first time they started in the year 2005, there are yearly around 40 bands who play on the openair, since the beginning the festival is in Interlaken. The timeline is always from the 9- 11. June.

When was the first time you were at the Greenfield ?
My first time was in 2006.

Did ever happen something negative at the Greenfield ?
Yes, there was one time when two guys started to fight and both had cigarettes, and then the jacket of one of the guys caught on fire.

What was the best moment you had ?
I don’t remember a special moment, there was a lot of cool time, and a lot of cool people I met.

Do you go because of the music or for the feeling?
I’m a big fan of this music, but I also was on some concerts where I didn’t like the music and just went for the feeling.

How often did you already go ?
Since 2006 I was everytime, except the 2 years of Corona.

You also go this year ?
Yes I do, I’m very excited.

Do you go alone or with someone
Yes I never went alone, it was often my sister, daughter or my husband.

The Jungfrau Victoria Grand Hotel & Spa.

CHIARA SANTOS RORIZ,
NOËL LOIC WANZENRIED

In this report you can catch some informations about the Jungfrau Victoria Grand Hotel & Spa. There are different restaurants, bar, rooms and a big Spa area. We were at the hotel last week. We saw the reception, the restaurants and the bar.

History

The opening was in 1856. Eduar Ruchti bought the pension Victoria. In the year 1899 there was a big renovation. The pension victoria and the hotel Jungfrau were joined together. Since this big renovation the hotel was called Jungfrau Victoria. More renovations followed in the next years. In 1991 the big spa was built and since then it is called Jungfrau Victoria Grand Hotel & Spa. Today it’s one of the most luxury hotels in Switzerland.

Restaurants and bars

La Terrasse Brasserie

In this restaurant you can eat modern Swiss dishes and international classic dishes. The ingredients are regional and seasonal. On the menu there are also vegan and vegetarian dishes.

Ristorante e Pizzeria Saponi

Typical Italian food you can find in the Saponi. Fishes, pasta, sea fruit. Also vegan and vegetarian dishes are on the menu.

Victoria Bar & Terrace

Many drinks invite to the friendly hotel bar in the Jungfrau Victoria Grand Hotel & Spa. In the afternoon there is a small menu on the terasse. The afternoon tea tastes best on the big hotel terracce.

Spa

The spa immerses you in a 5500 m2 world of wellness. With a boudoir style from 1940s. The hotel offers a sauna area plus steam baths, relaxation rooms, a gym and a massage and beauty rooms. The sauna has a mixed Finnish sauna and a mixed bath. As you can see, they provide a variety of facilities for their guests. When you’re hungry, you can stop by the Spa bistro. They offer a healthy menu.

Accommodation

Rooms: The price starts at 500 CHF

- Superior double room
- Deluxe double room
- Superior junior suite
- Deluxe junior suite
- Superior suite (designed for families)
- Superior duplex suite
- Deluxe duplex suite
- Premium suite
- Yash Chopra suite (Bollywood inspired)
- Tower suite (with dining room, entrance hall, a separate kitchen and a living area)
- Bel Air suites

We were surprised that the hotel has such a big variety of offers. It’s very big and everyone can find something interesting.

VIKTORIA MARIA BUMANN, MYRIAM
BELÉN WECHSLER

We did a survey with general questions about the Regina. The students of class Hofa 1a and Refa 2a took part. The survey ran from Monday 9th to 16th May.

46.2% of the participants were Hofa and 53.8% were Refa.

This are the results with the most frequent answers:

What do you like most about the Regina?

- The People and friends
- The Weekends off

What don't you like about the Regina?

- The rules (particular dresscode & chores)

Do you think the daily embedding is necessary?

- 1 person thinks you can learn a lot
- 9 people think devinitively not
- 4 people didnt answer the question

What would you get rid of?

- Embedding
- Chorses

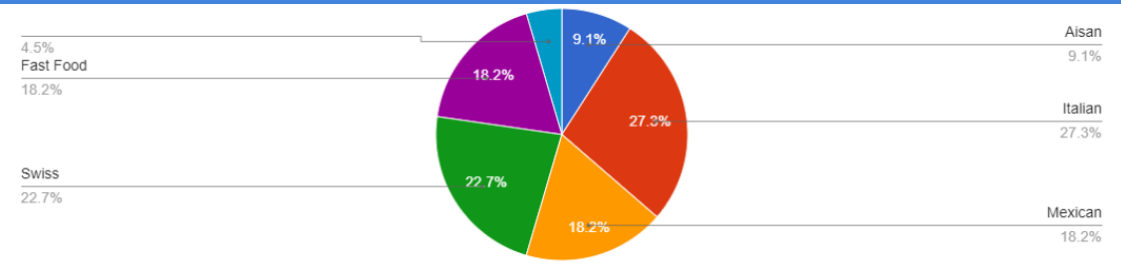

If you had one wish, no matter how much it cost, what would you introduce to the school hotel?

- No verbal warining because of small things
- Sauna
- Smoking room
- New elevator
- Shuttle bus for evening
- Pictures & plants in the rooms
- More free time

We also asked the students which kitchen-stye they would like to eat:

We thought that most of them would like to eat fast food all the way through school.

We thank the students for taking part in the survey and were sometimes very surprised by the answers.

<https://kenwhitesigns.co.uk/custom-hotel-signage/>

Interview: The comparison between two professions

LIVIA KUEHNE, ANDRINA ZIMMERMANN

we did an interview with two people, one is learning to be a restaurant manager and the other is learning to be a hotel manageress.

Name: Andrea Bättig
Occupation: Hotel manager
Apprenticeship year: 1st year
Place of work: Hotel National Zermatt

Name: Sandra Ragasits
Occupation : Restaurant Manager
Apprenticeship year: 2nd year
Place of work : Hotel Albana

They have both learnt this profession because they like to be able to work after their apprenticeship. They also like to communicate with the guests and have contact with other people.

Sandra started another apprenticeship and dropped out in the second year, but at the age of 18 she decided to come into the catering trade, while Andrea decided at the age of 14 to try out this profession.

Andrea works during her apprenticeship in many areas like lingerie, floor, service... Sandra, on the other hand, works full time in the restaurant and was able to get an insight into the kitchen. At school they have the same subjects and learn the topics related to their respective professions.

Although they are two different professions, they are very close and when we asked them if they would choose this profession again, they both said 100% YES.

Our differences of two apprentices in the catering industry!

LEONIE ROTH, CECILIA GERBER

I'll tell you a little about the professional life of Cecilia (1st year apprentice) HOFA. And her partner is Leonie (2nd year apprentice) REFA. We both go to school at Regina, which means 10 weeks a year in 2 blocks of 5 weeks.

I think that we both do not always talk well about each other in their work. We both have to work a lot of hours and so often we don't see each other at work. We also rarely have anything to do with each other. Cecilia has a lot of variety at work, as she goes to the reception, service, kitchen, laundry and housekeeping in three years. These are all things that Cecilia has seen in 3 years. That's a lot of impressions in 3 years. The exciting thing is that you don't know exactly what will happen at the LAP. This can also be a challenge. You just have to be able to remember everything very well. But as I've gotten to know her now, she's taking it all in her stride. Personally, I'm always at 2 places, either in the kitchen or in service. And it's not that much of a change. I see everyone every day. What changes are the tasks on the day but after a while you have them in. What changes for me are the locations in the service department and also in the kitchen. Each department has several small stations where you have to have been. But these are all people who see me every day.

My conclusion is that we both clearly have different jobs. But what is also very clear is that we both each other that we all make a good team, in the hotel. I found it very fascinating what kind of work Cecilia has. It is also amazing to me where she has to be in 3 years. I have written everything in the text above. In this sense, I wish us both a lot of fun at work.

ÜK

ReFa Vs. HoFa

MELANIE NOBS, TIL WEINAND

Both apprenticeships have 20 days of training during the 3 years of apprenticeship. The ReFa apprenticeship has training in the service area HoFa also has housekeeping and reception in addition to the service area.

The majority of HoFa have ÜK in the area of home economics, which is also the main part of their training. ReFa have ÜK in the area of service, which is also the main part of their training. The clothes that are worn are those that are needed for work.

Or very classic black trousers and a white shirt.

The process ReFa:

First, the ReFa welcome the guests. Then they place them at a table. They bring them the menu and the drinks on offer. Then they look after the guests and serve them.

The procedure HoFa:
In the housekeeping area, the HoFa do the cleaning work like the room cleaning.
In the service area they do exactly the same as the ReFa.
And at the reception they greet the guests, take them to their room and give them information.

50 Shades of Gastro

**PALDRON TREWA, ENYA CASALTA,
YOLANDA MARINA MOEN**

In this article we'll show you the everyday life of a ReFa and HoFa. How we deal and enjoy it.

We sent out our survey from Findmind to some of our mutual friends and we are very pleased with the results. Now we would like to share our and their point of view about the Everyday Life.

The survey was filled out by our friends in Regina and also outside. Most of them were between the age 16-20. They are from both of the departments (service and housekeeping) and in 1-2nd year of apprenticeship.

Why did they choose this job to study? The reasons were the possibilities and options for further education. The contact with the guests from all around the world and assisting them was one of the common answers as well. Not to forget the TIPS we get. 😊

Not every job is filled with rainbows and ponies, so here we'll tell you some dark secrets about our job. Some of them are: irregular working hours, rude guests are always a problem, stress, limited private life and countless more...

How to deal with rude/unpleasant guests: Just stay friendly, professional, keep cool and if the situation gets out of control just call the boss and let him handle.

At what time does their usual shift start? Morning shift is the most popular for the apprentices and the next would be with afternoon break. After work beer is the favorite part of many but also working in teams and working with the guests. Last but not least, we asked about the 2 most important factors while working in a team. The main way to keep up with the team is effective communication and trust in each other.

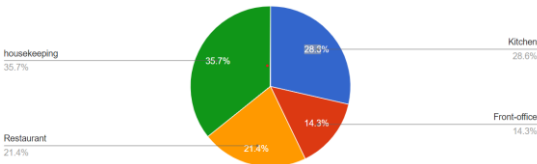

It was a great experience to compare the different jobs. We were also surprised to see how similar our daily life looked like. Thank you for all who helped us with our project. xoxo

Survey for HOKO's

TIL WEINAND, MELANIE NOBS

We made a findmind survey for the HOKO 1st and 2nd class to find out what is the difference between REFA, HOFA and HOKO. And also, what they think about school, working and responsibility. A total of 23 finished the survey total and 33 started or made some inputs.

Which department is for you the hardest one?

Housekeeping is for the most people the hardest one. The reasons are: they can't say "it's 8pm I'm finished now" they are finished when the etage are finished. Sometimes they have to be very fast to finish at the day. And it must be all clean.

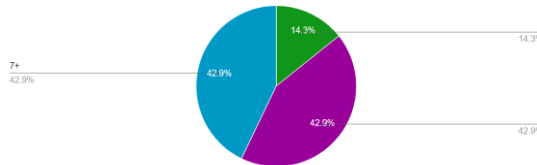

What kind of working times do you have?

There are a lot of different working times. From 19 answers are round about 12 people they are mostly working in one shift and the rest have more working hours with a break of 2-5 hours. Someone's work until late in the night or start very early.

Do you like more to work in front of the guests or in the background?

From 21 answers are 15 people who like more to work in front of the guests. They like to communicate with the guests and like to help them with some problems. The rest are more in the background because they need some change and make their things.

How many school subjects do you have?

We think there are different answers because for some it is sport not a real subject or also ük.

What's the difference between me and you?

**LUOANA ALEXANDRA GHEORGHE,
JANA STIEGER**

We did a Survey about the difference between the ReFa and HoFa students, we sent the Survey to a ReFa and HoFa class. For about a week the students were able to fill the Survey.

The first question was how old are you?

18.2% answered 20+
27.3% answered 18-20
54.5% answered 15-17

The second question was are you HoFa or ReFa?

60% answered ReFa
40% answered HoFa

Is it more a physical job or a mental?

From 20 answers are 4 people for mental. The reason they write are because you have to handle a lot of pressure in your job. 4 People are for Physical job. The reason they write are «certain work is very strenuous».

But the most people write that both are imported and strenuous.

Do you like more to work in the hotel or being in school?

From 21 answers are 10 people for work. They write, more change and they are more working people. They can't sit still and just listening to the teacher. 6 People are for school. Because it's more «Chill», Weekend off and they can see their friends more often.

Do you have a bigger responsibility in the front office than somewhere else?

From 17 answers are 8 for no. The reason they write are: That they have also in the Restaurant a very big responsibility. 5 People write yes. The reason is that if a fault happens somewhere in the hotel with a reservation or anything, it is always the reception's fault (the other departments say). You must be careful to always inform all necessary people for example about allergies, or an event, or if somebody brings a dog with them. If the kitchen doesn't know that a guest has an onion allergy, it can end in a real disaster. 4 People wasn't jet in the front office.

We are surprised that many people don't find the front office the most challenging. For me, that's where you have the most responsibility and workload. But the best is that all like the change in the hotel and a good Teamwork.

Thank you for all HOKOs who participated in this survey. I guess I speak for all the Hofas and Refas that we have respect for your job and appreciate your work. no matter if front office housekeeping or in the kitchen.

Third question was What do you think is the difference between HoFa and ReFa?

100% voted that the Hofas work in almost every department

Fourth question was Do the ReFa have to learn vacuum cleaners?

100% voted for yes ofc

Fifth question was Which is the main department Hofas work in?

100% voted for Housekeeping.

It amazed us that the answers were that clear.

We thank all the people that are a part of the Survey.

Interview with an EBA Student

PEKGEZER NAZLICAN, FABER KIRIN

We asked an EBA student (19 years old) some questions, cause we wanted to see their point of view. What are the differences, what's better, what's worse?

Why did you decide to do an EBA apprenticeship?

Someone suggested it to him and he checked it out and liked it.

Do you regret your choice to do an EBA apprenticeship?

Yes, he personally thinks he has too much to do and not enough salary.

Are there benefits as an EBA apprentice?

Yes, in some ways it's easier for example in school. It's a bit less time spent studying. They look more after you.

If you had the chance to change and do an EFZ apprenticeship would you change it or stay with the EBA apprenticeship?

No, he wouldn't change the apprentice.

Tell us 5 benefits of an EBA apprenticeship

Easier in school, You get a bit more help, It's shorter than EFZ
He only said those 3

Are you planning on doing an EFZ apprenticeship after you finished your EBA apprenticeship?

He's not sure yet.

Misses Britten around the World

PALDRON TREWA, ENYA CASALTA, YOLANDA MARINA MOEN

Most of us dream to live abroad and travel the world. So, we decided to interview our Teacher, Mrs. Britten, who has a lot of experience in the Gastronomy, has travelled and worked all around the world.

We are very pleased with the outcome and got a lot of interesting and helpful Tips from someone who has done and seen it all. Someone to look up to. She told us a lot of interesting things about her life, so we picked out the most important parts.

What made you want to do this job?

since I was persuaded from my mother's family, who already led me into the gastronomy lifestyle and still do, that's where I got into it when I was 16. Even as a child, I stood at the back of the buffet and served drinks.

Where in the world have you worked?

In many Asian areas, sometimes 6 months to a year, then England. I did my apprenticeship in Germany and here in Switzerland.

Is there a country you would like to go to, to work?

Where I would absolutely like to work, since I experienced it very briefly, Moscow.

What was your best/favorite memory of work?

What special to me was when I worked for a Sir who treated the whole team very lovingly, even though I was in the area that has to do with gastronomy. A very kind man and very warm hearted. Another very good memory that I will never forget was with Queen Elizabeth, the crossing to America with Sir David on the ship. Those are really the greatest experiences. Permanent helicopter flights, where I fly from A to B. My last helicopter flight, in 2019, a self-made millionaire native to Belgium spontaneously said to me; “Melanie, I have ordered the helicopter for you, you will fly down to Zurich later”. Private jets that I permanently board and disembark.

Did you have any bad experience?

Oh yes, a very bad experience, where perhaps the communication in a house wasn't very good. Anyways, there’s an insider, let's just say we always talk about Mr. Goldfinger, who I traveled with plenty.

Do you have any goals you´d like to accomplish?

What my goals are that I set myself every day, not alone but humane together with different classes. The goal is to be satisfied with my own achievements, with what you have created, more for the school area. In the practical area it's completely different, you shouldn't think egoistically, you should be very active with a workflow, that's very important.

Do you have any Tips for the youngsters?

ips for the younger and prospective EFZ people, you can do a lot with our profession and our area, we are not only responsible for plates and drinks, but we can expand a lot. Whether I go on a ship, whether I get on a plane, since we have the basic recipe and framework to deal with guests, which is very important. Languages, different cultures that you get to learn about. when I just think back about Asia, where I went to a vendor, you´d give him 5 cents on the street, that's his shop, to iron the shirts for a sir that I worked for, and that every day. So just discover the world, that's important. New trends, that you may develop and that is also so exciting.

We are so grateful that Mrs. Britten agreed to let us interview her, and we wish we could wright more. She ended the interview for all of us: We are the future, we can make it better, and as we should, we are.

Teachers back in the classroom

SANDRA RAGASITS, TIZIANA MELY PEDUTO

We interviewed Mr Kläy, who teaches ABU at our school. We wanted to know what his school days were like, so we asked him specific questions about his teenage years.

What excuses did you use when you were late for school as a student?

"I was never late, which of course is not true, the best excuse I ever used was that the door was closed. And then I just waited with my friend until someone opened. We explained to the teacher that we were too lazy to open the door."

Did you ever cheat in your school days?

"I only cheated when my grades were good, so a bad grade (if I got caught) wouldn't hurt. Very classically with a cheat sheet and also with a Waterbottle. Once I got too cocky and left the book on the table."

Which subject did you hate and why that subject in particular?

"Physics because the teacher never explained anything and always left the room."

You were also a teenager; how did you survive puberty?

"Through sports, I played handball very intensively, so I didn't have time to worry or be sad."

First time in love?

"Three years ago, when I met my wife."

How did you feel during your school years?

"I loved school, I didn't have a single wrong subject, my grades in school were very good and I spent a lot of time with my friends."

Did you have a favourite teacher and what did they do to make you like that teacher

"The history teacher and the German teacher, they were very open-minded and didn't teach by rote, they were very self-reliant."

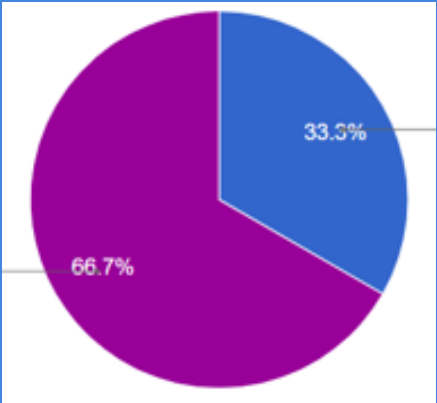

Teaching Methods

FABER KIRIN, PEKGEZER NAZLICAN

We belong to the Generation that grew up with the digital world. Many of us had their first smartphone really young and we spent a lot of time watching tv or playing games online. It’s still a big part of our life now while studying, cause a lot is now digital. So our question now : « Is it a good thing that the older generation mixes the way we learn. Sometimes they teach us Digital, sometimes things from books?»

With this Suvey we want to find out if it would be better to do everything digital.

The Suvey showed that more Teachers(60%) like to keep a few things that aren’t digital. Reading and doing some excercises is also good. With that there’s more difference in the whole lesson and we aren’t bored. But it also showed that in some ways it’s a lot easier, not just for us learning also for the teachers. The other 40% think it would be good to do everything digital, cause today we easily can put everything we need in the lessons on the computer like excercises and powerpoints and it wouldn’t waste that much paper. Fort he students it’s also better to keep everything in one place and we can’t forget anything, cause everything’s online.

Boarding School Management

MYRIAM BELÉN WECHSLER,
VIKTORIA MARIA BUMANN

Interview with Barbara Burkhahalter

Barbara Burkhahalter has been working at the Regina School Hotel since 2021. We know her as a very lively and warm person. But we wanted to know how she is in her personal environment.

Before the Regina

What did you do before your time at the Regina School Hotel?

I am trained as a home economics specialist. Later I did a further training in the divisional management. I was there with Mrs Aaring, so we know each other very well. Most of the time I worked in the old people's homes.

Why did you move to Regina?

I want to work with living people once in my life, because I have always been very close to death.

Behind the scenes

What do you do in your spare time?

I go hiking very often and like. I like to sing all sorts, but I like yodeling best. Funfact: I'm going to the Rammstein concert with my younger son at the end of May.

What's your biggest wish?

I really want to make up for the trip I wanted to make when I was 23 years old, and I never left because I got pregnant.

What do we really need to know about you?

I'm a person who likes to be in the background. I have a partner for 2 years, whom I met through a Wander app. I don't want to get married anymore. Among other things, I love humor, especially the black one..

Do you have a message for the students?

We old people should be careful, but it's up to you boys to take care of what we give you. There's something positive about every day. Never give up and always see from a positive angle. Life goes on and on!

Do you have a message for the students?

We old people should be careful, but it's up to you boys to take care of what we give you. There's something positive about every day. Never give up and always see from a positive angle. Life goes on and on!

Preferences

The maincharacter Ms. Ahring

JANA STIEGER,
LUOANA ALEXANDRA GHEORGHE

No matter what problem you got, she always got a solution. She's one of the most important people in this house. So we asked her about her live before the Regina and how's it going.

How long been you working here?

I already work four years in the Regina.

What did you do before your career in the schoolhotel?

I worked 20 years as a gouvernante in different hotels all around the world. Then in between I got pregnant and gave birth to my child. Afterwards I did many more educations.

What is your current job title?

Ohh difficult to say. I would say Home Economics Teacher and CO leader.

What is the reason, you stayed for four years ?

It's fun to work with all of you. There is always something going on. I also become many good things back from the students. And it's also something nice, to give the students my experience and learned things to them.

What do you mean, how long you gonna stay here ?

I don't know. I don't know what tomorrow will bring me. But in the moment I'm happy here.

You have certainly experienced many beautiful moments here, was there also something bad like an accident or fire?

Bad is for me then... when students do something to themselves. I once had a student who I found unresponsive on the ground. The whole bathroom was full of blood. That was very frightening. Actually, he just had very strong nosebleeds. But I was already very frightened.

That sounds really scary. But as we listen to you. We get the feeling that you love us and the school.

Of course I do.

We thank you very much Ms. Ahring for your attention and your time.

SPORTS ELECTIVE

Fabienne Liniger, Andrea Bättig

We have to choose a sports elective each school course, so we have several choices. This year I chose Zumba and interviewed my Zumba teacher. I chose her because she has such a funny and entertaining way and it's just fun to dance with her for an hour.

Could you please introduce yourself?

I am Eveline I work as a saleswoman and I am also a Zumba teacher.

How long have you been doing it?

I've been doing it for 10 years. 6 years as a student and 4 years as a teacher.

How did you get the job (Zumba instructor)?

I saw it on TV and signed up alone at Migros Club School for the Zumba class. Then I thought I would also like to stand in front and teach people. Then 4 years ago I did the training to become a Zumba teacher.

What is your favorite song to dance to?

To every song that is fast. No matter what kind.

To which people do you recommend this sport?

Anyone no matter what size age or gender.

How do you compare the Regina students with other students?

Not a big difference only when the students are coming from Regina that they are very shy in the first lesson.

I was surprised that she has only been a teacher for 4 years because she does it so well. I will go to Zumba again next year because I really enjoy it and it is very entertaining. If you like to move and have fun doing it, this is exactly the right sports elective for next year.

<https://www.zumba.com/de-DE/profile/eveline-loosli/1626544>

https://meinka.de/outdoor-sport-karlsruhe/

Compared powerjoga and outdoor sport

LUZIA NADIG, MELINA HALLER

The Regina team makes sure that the students get enough exercise outside of class. For this purpose, they have incorporated sports electives into the week. In this report, the two electives poweryoga and outdoorsport are compared.

Outdoor Sport

Outdoor sports take place outdoors. The participants meet every Monday or Tuesday at 8.15 pm in front of the main entrance of the school hotel Regina. Once everyone has arrived, the leader will introduce the evening's schedule. This includes in this course usually a round of jogging around the Höhenmattenplatz and then training on exercise mats in front of the Regina. These exercises are often belly, arm and leg training. At the end often follows a small stretching before we are released into the well-deserved evening.

Power Yoga

In Power Yoga you are training your whole body. Here are a few yoga exercises that can take place in class:

- 1. Stand straight
- 2. Stretch
- 3. Forward bend
- 4. Half forward bend
- 5. Board
- 6. Chaturanga
- 7. Cobra
- 8. Downward dog
- 9. Warrior 1
- 10. Warrior 2
- 11. Friendly warrior
- 12. Extended lateral angle
- 13. Board
- 14. Chaturanga
- 15. Cobra
- 16. Downward dog
- 17. Half forward bend
- 18. Forward bend
- 19. Stand straight
- 20. Lay down

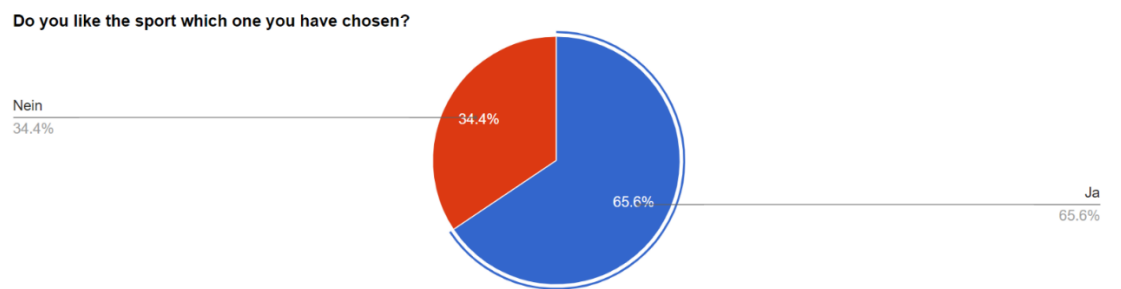

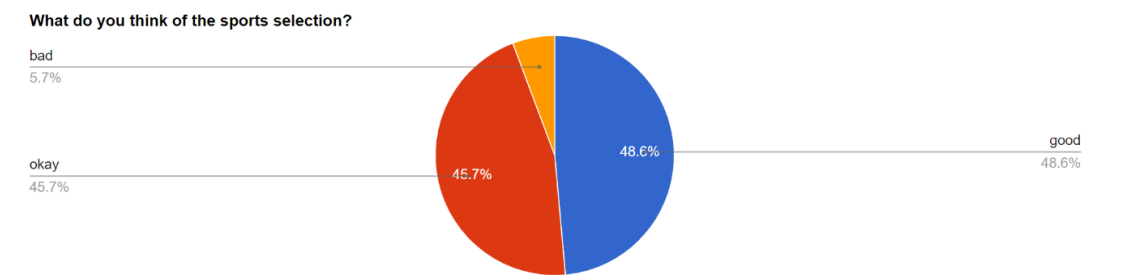

Even if these two activities sound completely different, they have similarities: It's good for your body and for your mental health. Even if this is simple, it has a great importance for life, because spiritual and physical health is very important. Besides these commonalities, both help you to get to know yourself and to find out where your personal limits are.

Evaluation survey

ANDRINA ZIMMERMANN, LIVIA KUEHNE

We have started a survey on the topic of compulsory sports in the Regina school building. Here are the results: Most of the sports take place directly in Regina, but there are other offers that are far away. According to our survey, 21 out of 32 students like the sports they have chosen.

5.7% find the sport bad, 45.7% okay and 48.6% good. The students also like the fact that we have elective sports, which gives them a lot of variety. One suggestion for improvement would be more team sports.

We were expecting such answers because some people like the sport and others do not.

How to become a Tumble girl?

TIZIANA MELY PEDUTO, SANDRA RAGASITS

You must practice Power Yoga, so we are going to motivate you to start.

What is Power Yoga?
It is a more fitness-based Yoga form. It also gets called gym fitness. If you want a super body but also like to chill, that's the perfect thing to do, plus it looks super aesthetic.

Benefits of doing Power Yoga:

- Enhances stamina, flexibility, and posture
- Mental focus
- Releases toxins through sweat
- Burns more calories than regular Yoga

What is there to do?
You do stretch, breathing exercise and full body exercises (or just a specific body part). After the main Part you get a couple minutes of relaxation, so you can look forwards to it.

Equipment:
It's an advantage if you chose this sport as a voluntarily sport here in Regina, then you only need to bring:

- Towel
- Water bottle

We did a quick interview with a student who practice power Yoga.

Tell me one thing you learned?
"The time is yours; nobody matters when your there "

What is your favorite position?
"One of the warriors"

Do you think everybody can practice Power Yoga?
"If I can you can everybody can"

What is your favorite thing in Power Yoga?
"the end, because it's so relaxing"

Online Shopping

ANDREA BÄTTIG,
FABienne LINIGER

https://www.computerwissen.de/sicherheit/internet-sicherheit/online-shopping/

We made a survey about online shopping and 78 people participated. Out of these 78 people were 61 females and the others males. Half of the people are in the age of 12-17 (47%). 29 of the People are 18-30 and surprisingly were 12 participants older than 30 years.

The results were:

1.What do you buy most online?
52 out of 78 said that they buy clothes the most, which is the most popular thing to buy online. But really surprising was that no one buys furniture online. 2 of the people buy food and 4 people buy shoes and also 4 buy household objects. 13 participants wrote something else like books, electrical goods or car parts.

2. How much do you spend?
37 people spend from 50 to 100 francs, 19 spend 100-150 francs, 10 out of these people spend only until 50 francs, which was the lowest, 6 peoples spend 150-200 and only 4 out of these 78 spend more that 200 francs in online shopping.

3. How do you pay the most?
40 people pay online with an invoice, 26 with a credit card 3 people with PayPal and there were still 5, who had other options such as Twint. In this question it was surprising that in other options they all wrote Twint.

Thanks for the ones who participated. It was surprising that so many answered the survey and that the final results were so different and interesting to know.

How do you pay in different countries?

RAJA ZEHNDER, CHIARA CHRISTEN

Interview with Dave Kläy on the 9.5.2022 in the school hotel Regina at the table on the first floor. The Question is about Economy and Money and our head question is “How do you pay in different counties?”

Hello Mister Kläy, we will have some questions for you. Where did you travel to?

I traveled to multiple locations French Gajana, in South America, many European Destinations, United Kingdom, also lived in Dublin for half a Year. In Amsterdam for a Year also a trip to south Africa.

How did you pay there?

Usually I used revolut, especially in America, because it was very simple in exchange rates, you don’t have to pay any fees, it is really fast, and it is kind of twint but international. You can send money to your friends without any fees, you can split your dinner it is easy. But of course, some countries like South Africa, prefer cash.

Currencies in different countries

ESMERALDA AGOSTINELLO,
JULIA RIEDEL

What is currency in simple words?
The definition of currency is the money system used in a country, especially paper money. It's usually issued by a government.

What are the Top 10 strongest currencies of the world?
1.US-Dollar
2.Swiss Franks
3.Kaimaninseln Dollar
4.Euro
5.Gibraltar Pfund
6.Pfund-Sterling
7.jordanischer Dinar
8.omanischer Rial
9.Bahraini Dinar
10.kuwaitischer Dinar

Which Currencies are the safest?
Swiss Franks are one of the safest currencies, because the value remains stable, it doesn't change much.

Survey

I asked the class HoFa 2a.

Which currency is the safest?
Swiss Francs.
Options: Dollar, Pounds, Euro, Swiss Francs
11 from 11 people said Swiss Francs.

Where do you use Swiss Francs?
Switzerland.
Options: England, Irland, Romania, Switzerland, Germany, France,Russia
8 Persons said Switzerland and 1 Person said Germany.

Which Currency do you use?
Individually
Options: Euro, Swiss Francs, Us-Dollars, Pounds, Others/ 1 Person uses USDollar,
1 Person uses Euro, and the other 9 Persons uses Swiss Francs.

Where is the national bank in Switzerland?
Bern
Options: Zürich, Bern, Genf, Basel
Everyone said Bern

I was kinda surprised that some people uses other currencies but they did a great Job!

https://www.worldatlas.com/articles/currencies-of-the-world.html

You sad in South Africa you paid with cash, right?
Yes, more because I went to de ghettos or local’s markets, they do not have any options or possibilities to pay with your card.

Where did you get this cash from?
At the ATM, in this country. I never really exchanged the money forehead because I said, I will use revolut and change it on the App and get the money in this country at the ATM

Did you ever had any problems to pay with revolut?
Never!

What did you work there?
Mostly it was vacation didn’t work at all. In Dublin I was working and in Amsterdam as well, both were full time work.

How did you get paid at work?
Basically, the same as you do in Switzerland, you have a bank account and at the end of the month on the beginning of the next month they just send you the money on your bank account.

Different Nationalities

CHIARA CHRISTEN, RAJA ZEHNDER

We made a survey about different Nationalities.

In our survey, we asked people what nationalities they are, whether they were born here, how many and which languages they speak, and whether they would like to return to their country at some point.

Where are you from?

22 out of 31 people are 100% from Switzerland.
The remaining 9 come each with 50% from different countries mostly, the countries are Italy, Romania, Austria, Canada, Russia, Germany and spa.

Where were you born?

out of 31 people, 30 were born in Switzerland, only one in another country.

Do you want to go back to your home country one day?

34.8% do not want to go back to their country and 65.2% want to emigrate to their home country

How many languages do you speak?

Option	Prozent
1	2.70%
2	13.51%
3	43.24%
4	32.43%
5	5.41%
5+	2.70%
31 Teilnehmer	100%

Which languages do you speak?

Very many speak the two languages German and English. A few still speak French, Italian, Romansh and Spanish.

Survey about London

NOËL LOIC WANZENRIED, CHIARA SANTOS RORIZ

We conducted a survey about London. We sent the survey to some people in Regina. It was conducted for two weeks. We had 13 participants.

Have you ever been to London?

Seven of 13 People didn't visit London yet.

Which of these locations would you visit in London? Big Ben, Buckingham Palace, Hyde Park, London Eye, Tower Bridge. No one wants to visit Hyde Park. Most people want to visit the Buckingham Palace. A total of seven people. The people also want to visit the other locations

Do you know something about Madame Tussauds in London?

A third of the participant haven't heard of it before. And the others have. Most people wrote that this museum has wax figures of famous celebrities.

What dishes or drinks would you eat in London? Many people chose the English breakfast tea. The cider drink is the most unpopular drink. Fish and Chips is also popular among the participants with 25 %.

Do you know which famous singer with over 100 records sold was born in London?

Adele is one of the most famous singer in the world and she born in London. 75% of the participant have known that

It's interesting to see that many people have visited London.

It surprised us that over 60% knew what you can see at Madame Taussuds. It was interesting to see that more people want to eat the typical English breakfast instead of the Fish and chips. When we think about the traditional food in England, the first think we think about is Fish and Chips.

We thank all the participants for answering our questions.
